

ROOM 10

Room 10 has had a fantastic year so far. We have all worked very hard and are forming some great friendships with each other. All of us have enjoyed learning to play new games and to share our favourite toys with our friends.

Room 10 has been very lucky to go out on excursion to Bounce Trampoline Centre. We had so much fun getting on the bus and even more fun when we were jumping on the big trampolines. At Bounce, some of us tried jumping into a pit of cushions and some of us enjoyed jumping over obstacles and between trampolines. It was a great day.

We have also been working very hard on our English and Maths skills. We have been doing a lot of work with fun tasks to help us with counting, reading and writing. Room 10 has also enjoyed going to the Library once a week to choose out new books, share reading experiences and answer questions about our favourite stories.
