

# Room 2

Room 2 has had a great start to school.

We have been working on developing and extending our play skills in both the classroom and playground.

We have been working on increasing our expressive communication including making request for toys, food and music songs and giving directions to others.

We have started to learn to make toast, pancakes and pizza muffins during cooking sessions.

We are learning to ride bikes and are doing throwing and catching during gross motor activities.

Looking forward to the rest of the year

Breana, Dina, Leo, Josiah, Zac, Seth, Olivia and Odyn
